Our Library acquired this year a copy of Merrill's Carroll County History. As this history was originally published in a limited subscription edition, we were fortunate to obtain a well preserved copy.

The circulation of books and magazines as compared to the previous year is:

	1936	1937
Books	2,669	2,813
Magazines	207	238
Total	2,876	3,051

During 1937, a total of 148 books were borrowed from the State Library and the N. H. Public Library Commission, and loaned to our readers. These two libraries supported by the State are very helpful to small libraries such as ours in furnishing you with more of the books you want to read.

The floors in the library part of the building have been sanded and refinished.

The Librarian and one of the Trustees attended the Neighborhood Library Meeting at Chocorua on September 16. Interesting speakers, a round table discussion, and a report of the N. H. Library Association meeting at New London preceded the short business meeting. Your Librarian was elected Chairman of District No. 3 for the year 1938—this district covers Carroll County excepting Wakefield.

During National Book Week in November, an exhibit of 120 new children's books loaned by the publishers, were on display two evenings. All the books shown have since been purchased by the N. H. Public Library Commission and may be borrowed for you at any time.

A Treasure Hunt Contest which began during Book Week among all the school children (grades 4 to 8) closed January 10.

Are you as a taxpayer receiving full value from the library, or are you merely helping buy books for others to read? Reading may not be one of your hobbies, but who does not enjoy a good book? If you are not already taking advantage of the free use of books in your library, we hope you will do so during 1938.

MARION L. GOODWIN, Librarian

STATE OF NEW HAMPSHIRE

SCHOOL WARRANT

To the Inhabitants of the School District in the Town of Moultonboro qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the 8th day of March, 1938, at 11:00 o'clock in the forenoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.

2. To choose a Clerk for the ensuing year.

3. To choose a Member of the School Board for the ensuing three years.

4. To choose a Treasurer for the ensuing year.

5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officer or agent of the district.

6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.

7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.

8. To see if the district will vote to make any alteration in the amount of money required to be assessed for the ensuing year for the support of public schools and the payment of the statutory obligations of the district, as determined by the school board in its annual report.

9. To see if the School District will authorize the School Board to arrange for the transportation of pupils to high school at a cost not to exceed $1.50 per week per pupil; raise and approprate money for same.

Given under our hands at said Moultonboro the 14th day of February, 1938.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the Citizens of Moultonboro:

As my term of office as your superintendent did not begin until September, 1937, this report is based upon the observation of a few short months only. It did not take long, however, to perceive that the schools were in the hands of capable teachers, and that whatever is to be done in the way of future improvement will simply be building upon the good foundation already laid by preceding superintendents, with the help of the school board and people of Moultonboro.

The topics discussed in this report are as follows:

(a) Statistics of our schools.

(b) Changes in supervisory unions.

(c) Current problems and education.

(d) Teaching the fundamentals.

(e) Music education.

(f) Transportation of high school pupils.

TABLE OF ATTENDANCE STATISTICS

School and Teacher	No. half-days School in session	Total Enrollment	No. Pupils (Average membership	Percent of Atten.	No. Tardinesses per pupil	No. not absent nor tardy
Corner Grammar Everand Young	358	21	17.5	93.8	1.6	0
Corner Primary Marion Hersey	358	17	11.3	96.2	0.4	0
Ambrose Helen Weeks	358	33	26.9	93.5	0	8
Greene's Corner Clara R. Perkins	358	21	19.9	96.1	1.0	0
Middle Neck Carroll P. Abbott	358	8	8.0	98.0	0.6	2
All Moultonboro	358	98	83.7	95.0	0.7	10
State of N. H. Total or average	353.4			94.7	0.9	

By comparing the statistics from each school with the State average, a clear idea of Moultonboro's last year's record may be obtained. The outstanding item in the record comes from the Ambrose school, which reports an entire year without a single tardiness—a very unusual record, and even more commendable because it is the largest school in the district.

Our present enrollment at the village two-room school is too small to require the services of two teachers. Unless the number of pupils increases next year, the school board would be justified either in eliminating one room or transferring pupils from one of the outlying schools.

Changes in Supervisory Unions:

Because of a reduction in the appropriations for salaries of school superintendents made by the Legislature at its last session, the State Board of Education has again been required to regroup some of the districts of the state into larger unions. This union now consists of the following six districts with the number of teachers and pupils in each as indicated. (Part time teachers and music supervisors are not counted.)

Current Problems and Education

In these days of rapid change in the scientific and economical world, it is very easy for any of us to find ourselves out of date in our educational program. In order to keep in touch with the march of events, each school has several copies of inexpensive weekly newspapers, written in language readable by the various grades.

The seventh and eighth grades are combining their study of geography and history into a unified course in social science, which should give a better insight into the development of our country's civilization and the significance of modern movements than was possible by studying the two subjects separately.

Teaching the Fundamentals:

In our effort to do our school work in the most modern and effective way, we try never to lose sight of those old-fashioned necessities, reading, writing, arithmetic and spelling. Standardized tests are given once or twice a year to determine what points need to be emphasized in our teaching, and also to discover how our schools compare with those elsewhere.

Music Education

Miss Virginia Hough is continuing with good success the work in music supervision begun a year or more ago. Her weekly visits provides definite guidance for the regular teachers, and makes it possible for our graduates to carry with them a good background for future appreciation or study of music as they go on through high school.

Transportation of High School Pupils

An article in the school warrant will bring to the attention of the voters this year the matter of transportation of high school pupils. Such a movement is in line with the present tendency to provide equal educational opportunity for all who can benefit by it. Over forty New Hampshire school districts now pay part or all of the cost of transporting their pupils to high school. Center Harbor is one of these, having voted last year to contribute not over $1.50 per week per pupil for this purpose.

Conclusion

The willing cooperation of various people and organizations with the efforts of teachers and school offi-

cials is much appreciated. The loyal and effective efforts of the teachers, as well as the hearty support of the school board, are very gratifying. Let us continue to work together for the good of the children.

Superintendent.
